

Hot Albums

Supergrass

'Diamond Hoo Ha', Parlophone

The former pop scamps give themselves a kick up the 'Grass with this gale-forced breath of Bowie-tinged fresh air.

Foals

'Antidotes', Transgressive

The dark-hearted artrockers' debut has finally arrived and it's a killer blend of polyrhythmics and unpop tunes.

Fuck Buttons

'Street Horrrsing', ATP

This is *not* noisecore. Blissful, almost euphoric ambience battles it out with grim foreboding on this sublime album.

Taio Cruz

'Departure', Island

A proper British R&B talent, Taio Cruz's debut is a toss up between Babyface, Timberlake and John Legend.
